National Report – Estonia

Estonian Academic Society of Sexology (EASS) currently has 49 members and our Board of 5 is the main administrative body of the Society. It is currently a member organization of both NACS and EFS.
EASS has 7 NACS-authorized specialists in sexological counselling (SSC) and 7 specialists in clinical sexology (SCS).
During the past year, EASS has been mainly focused on launching the new course in Basic Sexology, in collaboration with Estonian Sexual Health Association (ESHA) and Sexpo (Finland). The Society also organizes 1-2 seminars/meetings per year, as well as regular covision meetings for discussion of complicated and/or interdisciplinary clinical cases in sexology.
